Program ver.

1. Timekeeping

- Button START and button STOP.

2. Score

- Button H+ or G+, for either the home- or guest team.
- Button H- or G-, for either the home- or guest team.

3. New half

- Stop the match time with button STOP.
- Press and hold button G+. Match time is set to 40:00.

4. Downcounting / Correction of match time

- Button STOP.
- Press and hold OK to adjust match time. The first digit is now flashing.
- Change the digit with button H+ and H-.
- Accept with button OK. The next digit is chosen automatically.
- Repeat until "UP" is showing on the score board.
- Then you can choose up- or down- counting of match time with H+.
- Accept with button OK.
- Button START starts counting of match time.

5. When the match is over

- Stop the match time with button STOP.

If new match:
- Press and hold button START.

If not:
- Press and hold button STOP. The score board is either blanked or showing real time.

6. Realtid (option)

- Stop the match time if it is displayed with button STOP.
- Turn off the score board / show real time by pressing and holding button STOP.
- Activate / deactivate real time by pressing and holding button STOP.

Adjust real time:
- Press and hold OK. First digit is flashing.
- Enter the year on the format YYYY (for example 2008) by H+ and accept the digit by pressing button OK.
- Then enter month and day, MM.DD, and then hour and minutes, HH:MM, in the same way as with the year.
